UTOPIAN
ACADEMY FOR THE ARTS
HIGH SCHOOL

Course Description
Theatre Pathway

• **Theatre** offers scholars a comprehensive exploration of theatre arts. The program focuses on developing scholars' skills in various aspects of theatre, including acting techniques, stagecraft, and performance. Scholars engage in hands-on learning experiences, studying different theatre styles and periods, and participating in performances to enhance their practical skills. The course also emphasizes collaboration with industry professionals and provides opportunities for scholars to work on major projects, preparing them for potential careers in the entertainment industry. Scholars work alongside industry partnerships and celebrity guests to enrich their learning experience.

• **Musical Theatre** offers scholars immersive experience in the world of musical theatre. The program focuses on developing skills in singing, dancing, and acting, providing a well-rounded education in performance arts. Scholars learn various musical theatre styles and techniques, participate in productions, and collaborate with industry professionals to enhance their practical skills. The course also emphasizes the importance of teamwork and creativity, preparing scholars for potential careers in the entertainment industry.
