Course Description
Dance Pathway

Dance focus is designed to develop the skills and artistry of aspiring dancers. This course offers comprehensive training in ballet, modern, and jazz dance styles. Scholars will learn fundamental techniques, choreography, and performance skills, while also exploring the history and cultural significance of each dance form. The curriculum includes individual and ensemble performances, allowing scholars to build confidence and stage presence. By the end of the course, scholars will have a strong foundation in dance, ready to pursue further studies or careers in the performing arts.
